### Comments:

- Please keep in mind that the prices are based on a group of 15-18 participants. If the number of participants in the group differs then the prices of transportation and certain entrance fees will change.
- You can reduce the package price reducing the number of lesson per week.
- It is possible to reduce the prices of transportation by using public transport instead of the schools transport service.
- If you prefer to live in a residence, a shared apartment or a Youth Hostel, please contact us 2 months prior to the start of the program. Take into account that the residences are only available during the summer months.
- We are willing to discuss all your ideas regarding to different programs. So if you can't find the program you are looking for, please contact us and together we can try to make a tailor made program with al the aspects you consider important for a group stay.
- We reserve the right to change these terms and conditions at any time, depending on changes in the price strategy of our providers.
